<b>Executive summary</b>	vii
<b>About the authors</b>	xiii
 <b>Chapter 1: Why KM matters more than ever: a decision intelligence perspective</b>	 1
<i>By Dr Andrea Miskolczi, MBA, managing director, InterAlia Consulting</i>	
Why law firms struggle to use their knowledge	2
What DI brings to legal work	3
The four components of DI	4
The central role of data and KM	5
Interactions between the four components	7
Practical implications for KM professionals	7
Conclusions	8
 <b>Chapter 2: What AI can do for you: a KM practitioner's guide</b>	 9
<i>By Mark Ford, knowledge, data, and AI strategy consultant</i>	
Where to start	10
A model for analyzing knowledge management and legal tasks	12
Tasks focused on reviewing	14
Tasks involving analysis	16
Tasks focused on drafting	18
Conclusions	21
 <b>Chapter 3: Building a strong foundation for AI application: ensuring data quality and integrity</b>	 23
<i>By Grant Newton, lead consultant, Atlas by ClearPeople, and Sarah Pullin, global director of knowledge, Baker McKenzie</i>	
Why data quality and integrity matters	23
Data as a strategic asset	27
Principles for AI data governance	28
Creating an AI-ready data strategy	29

Practical steps for data quality management ..... 31

Risk management and compliance ..... 36

Ethical and regulatory considerations ..... 38

Building a data-ready culture ..... 40

Conclusions ..... 41

**Chapter 4: Making AI work for you (from the inside out) ..... 43**

*By Mark Gediman, senior research analyst, Alston & Bird LLP,*

*and Kevin Miles, library manager, Norton Rose Fulbright US LLP*

    Killing the “Does anyone know...?” email ..... 44

    AI in action: business development and competitive intelligence ... 49

    From search to strategy: what comes next ..... 66

**Chapter 5: From copilots to agents: the next KM frontier ..... 69**

*By Chad Ergun, chief information officer, Womble Bond Dickinson*

    Introduction: the tectonic shift ..... 69

    Understanding agentic AI in the legal context ..... 70

    Structural requirements for adoption ..... 71

    The transformation of KM professionals ..... 73

    Practical applications in legal practice ..... 76

    The mentor agents ..... 78

    The evolution from prompting to designing agents ..... 80

    Critical competencies in the new era ..... 82

    Conclusions: delivering trusted outcomes in the agentic era ..... 85

**Chapter 6: From resistance to results: gaining organizational  
and partner support for AI-augmented legal KM ..... 87**

*By Hélène Russell, knowledge and learning specialist,*

*TheKnowledgeBusiness*

    Why KM must lead AI change ..... 87

    Start with segments: Rogers’ Diffusion of Innovation ..... 88

    Reducing threat responses: SCARF ..... 89

    Change models that work in law firms ..... 90

    Communication plans, internal relationship management,  
        and using the “client journey” to influence stakeholders ..... 96

    Conclusions ..... 97

<b>Chapter 7: Extracting expert knowledge: building knowledge systems for people and AI</b>	101
<i>By Katya Linossi, co-founder and CEO, Atlas by ClearPeople</i>	
The urgency of capturing expertise	101
Knowledge is more than documents	102
Scaling knowledge	105
Turning knowledge into scalable outputs	113
Making your valuable outputs readily available	114
Conclusions	115
 <b>Chapter 8: What the client wants: re-engineering legal KM from the outside-in</b>	117
<i>By Dr Pietro Brambilla, LL.M, senior counsel, Mercedes-Benz Group AG, and legal innovation consultant, InterAlia Consulting</i>	
The client has left the building	117
The pressure cooker: why speed is becoming non-negotiable	118
The inside-out trap: how law firms optimized for the wrong client	119
The digital umbilical cord: API-first architecture	122
The data moat: why proprietary capabilities trump generic tools	124
The service model revolution: from transactions to data products	126
The KM professional's new job description	128
The uncomfortable truths: strategic challenges	129
The roadmap: how to get from here to there	130
Conclusion: become the digital partner	131
 <b>About Globe Law and Business</b>	135
